Dear Lincoln County Community,

I am writing you concerning a sponsorship opportunity with the LCHS Band that will have a great impact on the students in Lincoln County Schools for well over the next decade. The band program at LCHS currently enrolls 43 students, with half being current freshman. This is my second year at LCHS and we (administration, music faculty, and the band boosters) are working diligently to build the program. As the program grows, we are quite literally running out of instruments and uniforms.

The band boosters have hosted many fundraisers this year to purchase much needed equipment for the program and we are already seeing the fruits of that labor. However, with the current rate that the program is growing we are in need of assistance. We currently are borrowing instruments from other schools in our area as we make arrangements to purchase our own and are in desperate need of new uniforms. With the current rate of growth we could be out of usable uniforms during the 2018-19 school year.

The current uniforms we have will be 20 years old this year and were bought used from another program in Alabama. The cost of outfitting the band in new uniforms will cost \$45,000. This would purchase high quality and long-lasting uniforms from Fred J. Miller that would outfit the band for over the next 10-15 years. \$500 could sponsor the purchase of a student's uniform. The band boosters, in 2017 alone, have raised \$9,000 towards the purchase of new uniforms while still raising funds and purchasing instruments, music, and repairs for our students. This means we have a remaining amount of \$36,000 to secure.

Over the next few months the Band Boosters, which is a non-profit organization that funds the band program, will host various fundraisers and will accept sponsorships and donations for this cause. I can say with 100% certainty that the students here at LCHS are some of the most hardworking and deserving students I have ever had the pleasure of working with. I am lucky to be here with these young men and women. We ask that if you can, please help us in our endeavor to build this program, support our school, support our community, and support our Marching Falcons with the purchase of these new uniforms. Please contact myself or any of our booster officers if you can help give to a great cause. Go Falcons!

Sincerely,

Johnathan Johnson
